Stocks Thrown Over in Most Unrensonable Manner, With Absolute Disregard for Prices-Sentiment Plays Large Part in Day's Smash.

BY BROADAN WALL

NEW TORK, May 7. Fright, correr and panic swept over the Stock Exchange to-day with the news of the sinking of the Lusitania, bringing a deluge of selling orders in the last hour, which broke long established records for volume of trading and violence of fluctuations.

changed hands in the last sixty minutes, swamping the ticker service so budly that the tape was from fifteen to twenty minutes

Fractions.

Bethlehem Steel, which had risen about moon to 160, a new high record, dropped to 130. Westinghouse from 130 slumped to 30, recovering to 22, with violent informed diate changes, while Amalgamated Copper sold at 70, 64, 63, 63 and wack to 65 within an hour.

diate changes, while Amalgamated Copper sold at 70, 64, 69, 63 and tack to 58 within an hour.

As prices had risen for weeks on public buying without the aid of bunkers, they fell as abruptly when the public attempted to sell and found no banking supnert. Since many of the advances were without appreciation of intrinsic values, declines were equally without reason.

Bargain hunters made their appearance in the first news of the smash, and their buying helped the closing raily. Many speculative trenches were abandoned in the fight, and the buils may have some diff. The first news of the smash and incirculty in re-establishing their front.

Sentiment played a large part in to-day's temash. With memeries of the Titanic distanted at the subject and the subject of the market.

Aster still green, the torpedoing of the subject and brought a thrill which found interested to get the still green that it with a secondary of the market.

Aster common held up well. There was an extreme drop of 6 points with a recovery of 3, ending with a net loss of 24. Bethicker, and the safet drop of 25 points. The execution of stop-loss orders carried Utah Copper down 8 points; Amalgamated, 40, points, and Chino, about 1 points. The latter made the best recovery.

Equipment issues, automobile chares and Mexican Petroleum all showed losses of about 19 points at the lowest, but these declines were generally cut in half on the raily.

Enares.

Union' Pacific plinned 6 points before triking support Canadian Pacific faring equally as bad.

Northern Pacific and South Pacific sold at figures which would have been called a bargain a week ago.

NEW YORK, May 7.-Stocks broke

extreme violence to day in confirmation of the sinking of the British Lusitania, pre sumably by a German submarine. Price fell from 8 to almost 3 points, greatest losses being austained by the shires which have come to be known as war specialties. Bethelbem Steel, which early in the dansaumed new prominence by selling up to 150. Bethlehem Steel, which early in the day assumed new prominence by selling up to 189, the highest price yet recorded, made a maximum decline of 19 points. Westinghouse Electric broke 21 points. Amalgamated Copper almost 12 points and others from 6 to 19 points. In the tinal trading evidence of substantial banking support waseed in the partial recoveries.

The stock ticker was almost half an hour behind in recording transactions. The last thirty minutes was, perhaps, the most active and excited period in the history of the exchange, over 63-98 shares changing hards in that brief space of time.

In the early hours of the market, extreme apathy and irregularity prevailed, the day giving regular.

In the early hours of the market, extreme apathy and irregularity prevailed, the day giving promise of being the dullest in a fortnight.

The government eron report on winter wheat, which should have been a factor by reason of its reassuring features, was overlooked in the intense excitement of the day. Additional gold engagements from Japan were likewise ignored.

NEW ORLEANS, May 7.—Cotton was unler the severest selling pressure in months to-day, losing 47 to 49 points on the news of the sinking of the Lusitania, while in the early trading selling based on poor cables, and the rains overnight in the cotton bolt caused a loss of 19 to 24 points. From the early fall there was a sharp reaction on profit-taking by shorts, and around the middle of the session the market and a fairly good tene, standing shortly after noon at a rise of 3 to 5 points over that the first news of the disaster to the laisitania was received.

The market finally was thrown into an uproar by the report that the Lusitania had been sink. #### BELIEVED TO THREATEN EXPORT OF BREADSTUFFS

Bearish Factor in Wheat and Grain Values.

Grain Values.

[Special to The Times-Dispatch I CHICAGO, May 7.—The sinking of the Lusitania was believed in Chicago grain circles to inreaten the exportation of breadstuffs from North America for the time being. This was possibly the leading bearish factor in grain values, assisted by the very bearish government report which caused heavy selling. The report tail-cates an estimated wheat yield of \$52,50,500 bushels, which is more than was raised in 1911, the bumper crop up to that time. When it is considered that the spring wheat acreage is materially larger, and that the acrop has the finest start ever known, there is a possibility of a yield of 1,000,000,000 bushels of spring and winter wheat combined. Under present conditions it seems impossible for grain values to show any marked advance, although reactions can be expected from all the sharp losses sustained, especially when the market becomes oversold.

Crop news generally speaking, was favorespecially when the market becomes oversold.

Crop news generally speaking, was favorable in character. There were expectations,
however, as some sections of the winter
wheat reported damage by Hessian fly
and chinch bugs. Wheat declined here Tigto Tige. There was little reaction from the
lowest levels. The May future was the
weakest, due probably to the lack of export
deniard and the slow cash business.
Cash wheat saies at Cheago were only
5,00% bushels. While there probably were
some sales at the scabbard, they were not
made public.

some sales at the scaboard, they were not made public.

Coarse grains were lower, corn losing to to lake, and oats, tye to lac. There was decided evidence of liquidation in both grains, mainly because of the lack of each demand, but partly on account of the weakness in wheat. Cash sales were 34,600 bushels corn and 10,600 bushels oats.

Fractional losses occurred in provisions on the weakness in grain, coupled with the bearish hog news. There was free selling of lard by packers with shorts the chief buyers. Compaission houses took pork, and there was also some support to July ribs credited to packers. Most of the selling was in the way of securing profits.

## The Gospel of Saving

THRIFT is so essential to happiness that failure to practice it is incomprehensible. It is such an easy simple thing, and it means so much. It is the foundation of success in business, of contentment in the home, of standing in society. It stimulates industry. You never hear of a thrifty man who is lazy. It begets independence and self-confidence, and finally, it makes a MAN of the individual who practices it.

We invite you to make use of the services of our Savings Department to practice thrift.
